The Company increased its factory investments in 1979 and started to produce foam mattresses as well as foam; in 1981 it started to produce spring mattresses. In 1987, Yataş Yatak ve Yorgan Sanayi Ticaret A.Ş. (Yataş) was founded and within the same year home textile production started. In 1993 sofabed (bedded seating group) and living room production started and product line is developed. In 1996, as the first furniture company in the stock market, the company shares were listed publicly. In order to enhance the brand awareness in the furniture sector and to seize a better share, Enza Home brand is established in 2010. In addition, a company wide initiative has started in order to renew the organizational structure and to renew the corporate identity. In this process, where all the processes are completely modernized from ground up, the company also obtained its new logo. This way, the company's trust placed in Yataş brand was strengthened with rich service philosophy and quality. In 2011 it was merged with Yataş İstanbul Pazarlama A.Ş. through acquisition and thus the aim was to decrease operational costs. At the end of 2017, the investments regarding foam and couch were completed. As of 2017 November, both Enza Home and Yataş Bedding, the two different bands of the group became a part of Turquality, which ensures increasing the current exports and better utilization of government grants.
